Credit Name: chapter 5
Assignment Name: chapter 5

The following questions can help you in thinking critically about your problem-solving processes:

Understanding the Problem

How did you approach understanding the challenge? Were there any parts of the problem you found confusing at first? If so, how did you resolve that confusion?

- I used key words in the questions to search in W3 schools

Planning the Solution

Did you create a plan or break the problem into smaller steps before coding? How did you decide on the tools, data structures, or algorithms to use?

- I used keywords in W3 to make a plan in my head

Implementation

Did you write the code in small pieces or attempt the entire solution at once?
How did you test your solution along the way to make sure it was working?

- I did the problem at once using the mental plan i had

Overcoming Challenges

What part of the problem was the most difficult for you? How did you handle moments when you felt stuck or unsure of what to do next?

- when i got confused on a topic i used W3 schools or looked up the problem to help me out

Learning

Was there anything you learned that you think will help you with future challenges?

- N/A
